Spiraling Tassel Mobile

Create a rainbow of color to brighten up a corner of your room. Or opt for colors that coordinate with your own color theme. It's a crafting idea that is very chic!

TASSELS

Make a 6" tassel with each color except color A, as follows:

1. Cut a strand of **A** 12" (30cm) long for tying cord and place in channel 3 of Pom and Tassel Maker.
2. Tie end of tassel color yarn to the post at the other end of the Pom and Tassel Maker.

3. Wrap yarn around posts until there are 20 wraps total. Cut yarn and tie end to post.

4. Bring ends of tying cord straight up and tie around all wraps, cinching them tight. Secure with a firm knot.

5. Thread one end of tying cord on tapestry needle. Using the needle, work the cord between the yarn and the Pom and Tassel maker; bind the yarn together to form head of tassel.

6. Tie ends of tying cord together to secure.

WOMEN'S CHOICE AWARD®
AMERICA'S MOST RECOMMENDED YARN BRAND
2015 - 2018

7. Using sharp scissors, cut tassel at 3rd channel from end of Pom and Tassel Maker opposite the head of the tassel.

8. Cut a strand of **A** 48″ (1.2m) long and thread on tapestry needle. Securing end under the tying cord at the neck of the tassel, wrap yarn around the head of the tassel, pulling tight to bind yarn tightly together.

9. When the entire head of the tassel is covered completely, use tapestry needle to bury the ends in the head of the tassel and trim.

MOBILE

1. Use solid inner section of embroidery hoop only. Wrap completely with color **A**, tucking the ends under the wraps to secure.

2. Cut 2 strands of **A** 30″ (.76m) long. Hold strands together and fold in half. Tie an overhand knot 2″ from the fold to form hanging loop.

3. Position the ends of each strand evenly around embroidery hoop and tie in place using firm knots.

4. Cut 18 strands of **A** in graduated lengths, starting with 5″ (13cm) long, then 6″ (15cm) long, and continuing in 1″ (2.5cm) increments. Your longest strand will be 22″ (.6m) long.
5. Arrange tassels in order from color **B** to color **S**.
6. Tie a strand of yarn to the head of each tassel using a firm knot. Tie the 5″ (13cm)strand to the tassel color **B**, the 6″ (15cm) strand to the next tassel color **C**, and so on.

7. Tie the tassels to the embroidery hoop in order and evenly spaced, using firm knots. When you are happy with the arrangement, give the knots one more tug, then trim the ends close.
