Caring Comfort Knit Throw

Create a throw that gives comfort to those you love. This pattern starts with instructions for the Basket Weave stitch and each of the five different leaf squares. But you actually begin knitting at the cast on where the "Throw" instructions begin on page 3.

Throw measures about 45 x 55″ [114.5 x 139.5 cm].

SPECIAL TECHNIQUE
Technique Notes: Pieces in this throw are joined to previous pieces at the end of wrong side rows. All rows of the piece being joined to must begin with a slip stitch. This technique will not work if the rows do not begin with a slip stitch. Beginning rows with a slip stitch leaves loops on the edge of the piece spanning every 2 rows.

Join As You Go = Purl all stitches of the next wrong side row to the last stitch, slip the last stitch as if to purl, purl into the next loop on the edge of the piece you are joining to, pass the slipped stitch over the purl stitch.

NOTES
1. Throw is made from 20 squares, knit and joined together as they are knit, with a Basket Weave border along all edges.
2. Squares can be worked following the written instructions or reading the charts. Read right side rows of charts from right to left. Read wrong side rows from left to right.
3. Throw is worked in five steps:
   a. The lower border is knit first.
   b. Then the right side border is knit.
   c. A strip of five leaf squares is then knit and joined to the right side border as it is knit. Three more strips of leaf squares are knit and joined to the previous strip as they are knit.
   d. The left side border is then knit and joined to the last strip of leaf squares.
   e. Finally, the top border is knit.
4. A circular needle is needed to work the large number of stitches in the lower border and top border. Work back and forth on circular needle as if working with straight needles. If desired straight needles can be used to work the side borders and strips of squares.
5. When returning stitches from a holder to the needle, hold the work so that the right side is facing. Insert the needle into the stitches on the holder from the left end to the right end, so that you are ready to work a right side row once all the stitches are on the needle.
