## Note

Variegated yarns work well for this craft because they do not require cutting or tying on new yarn colors to achieve the same effect.

## GOD'S EYES

1. Position two popsicle sticks crosswise and glue together in the center to have four ends of sticks.
2. Position one end of one color at center cross of popsicle sticks and knot in place.
3. Working from right to left, wrap yarn once entirely around one popsicle stick end and then move yarn to next popsicle stick end. Continue to wrap around each stick, keeping wraps close to previous wraps to cover sticks completely until ready for next color. Cut yarn and tuck yarn under wraps. Add second color and continue to wrap around sticks as before until desired fullness has been achieved. Add more colors as desired.
