Wrapped Twig Jewelry Holder

Take a little hike with the kids to find twigs and then transform them into colorful jewelry holders. It's a great way to organize friendship bracelets, earrings and other jewelry. Makes a great gift too!

Measurement will depend on can size

Notes

This craft is designed for children, but younger children need to be supervised by an adult and an adult should always operate glue gun.

Make sure to smooth any sharp areas on the can.

WRAPPED TWIGS

Plug in and heat up glue gun.

Step 1: Using A, B or C, pull tail from center of skein, do not cut. Place a dab of hot glue on twig/stick at top of section to be covered (Photo 1). Lay tail of yarn on hot glue and let cool to harden (Photo 2).
