Trio of Holiday Trees

Create trees of fluffy pompoms without making the pompoms!

This yarn is created with soft pompoms along a cord so that wrapping and pinning to the cone foam shapes is a breeze! Only you will know how easy it was!

NOTE: If using double stick tape, apply in sections as you wrap the tree.

TREE

1. Use a greening pin to attach first pompom to top of tree.

2. Begin wrapping the yarn around the tree taking care to tuck the yarn strands underneath the pompoms. Use straight pins periodically to secure pompoms.

3. To fill in empty spaces, manually place the pompom in the empty space and pin it down or cut the pompom from the strand of yarn and glue it into place.
4. Once the tree is completely covered, use a greening pin to secure the last pompom. Use a straight pin to secure any loose or hanging strands of yarn.
