Special Stitch

sc2tog = [draw up a loop in next st] twice, yarn over and draw through all 3 loops on hook.

Special Technique

Join new yarn with a slip st = Make a slip knot and place on hook. Insert hook into the indicated stitch or space, yarn over, and draw hook through both the stitch or space and the slip knot (1 loop on hook).

Notes

1. Work in continuous rounds (spiral) with Right side facing. Do not join or turn unless directed. Place marker for beginning of round and move marker up as each round is completed.
2. Work through both loops of each stitch unless otherwise directed.
3. Stuff Body parts firmly but gently. Overstuffing will cause stitches to stretch and fiberfill will show through stitching.

ASSEMBLY

Use photograph as a guide for sewing pieces together. Sew neck to top of body, preserving round shape. Stuff lightly. Sew head to neck, stuffing neck as needed to provide firm foundation. Sew Legs to bottom of body so donkey is well-balanced and can stand. Place front legs behind Round 6, about 5 sts apart, and place back legs about 8 rounds behind the front legs. Sew tail to Donkey's backside. Flatten bottom of ear, creating a triangle. Sew to top of head. Repeat for other ear, leaving 3 to 4 sts between ears.

Mane

Using a long scrap of yarn and a long running stitch, hand baste a straight line down the back of the head and neck between the back of one ear and the neck/body joining. Make a second line from the back of the other ear, parallel to the first line. These will act as a guide while creating the mane. Mane is worked freehand between the lines. Join **C** with a slip st at the base of the neck, between the lines. *Ch 5, slip st in each of the next 4 chs, slip st to body (mane hair made). Repeat from * 3 to 4 times between the basted lines to create the base of the mane. Continue working back and forth between the lines, up the neck and back of the head, covering the neck with mane hairs. When you reach the ears, work several mane hairs between the ears for the forelock. Fasten off, hiding ends. Remove basting stitches.

FINISHING

Use photograph as a guide for placement of facial features.

Eyes

Working over one or two stitches for each eye, embroider with satin stitches on the round that is midway between the ears and the muzzle, about 12 sts apart. Pull yarn tightly between eyes to indent slightly.
