oz (150 g) 30 yd  
(27 m) hanks

# Wrap & Tie Necklace

*This braided yarn looks like you have already knit bulky eye cord, so all you need to do is arrange it and tie it to keep it in place. We've given you some tips to make it even easier!*

Finished measurements will vary depending on the style of wrap.

## NOTES

The hank is tied together with cotton string. Cut all ties and remove from hank to free the yarn before you start.

The yarn is wrapped to create your own individual design. It can be left long as shown or wrapped shorter for a cowl look.

## NECKLACE

1. Decide what style necklace you would like. Leave first 10" (25.4 cm) free to tie the wraps later at back of neck. Wrap the yarn to desired length(s) and style.
2. The end of the necklace will need to be right next to beginning end, leaving at least 10" (25.4 cm) to wrap and tie.
3. Tie ends together, and then again around necklace. To cover knot, wrap the two ends around necklace. Weave in ends under the wrapped area.
