DECORATION

Pompoms
Following manufacturer's instructions, make one 3½" (9 cm) pompom with **A**, one 2" (5 cm) pompom with **B**, and one 1" (2.5 cm) pompom with **C**. Leave long tails on pompom ties. (They will be used to assemble the decoration.)

Tassel
Step 1: With **B**, evenly wrap the piece of cardstock lengthwise about 20 times. Cut yarn. **(Photo 1)**

Step 2: Cut an 8" (20 cm) piece of **B** and thread it behind the wraps, between the cardstock and wrapped yarn. Tie a tight knot around the wrapped yarn. (Note that it may be easier to do this in the center of the cardstock.) Remove wrapped yarn from cardstock. **(Photos 2 & 3)**

Step 3: Cut a 15" (38 cm) piece of **A**. Fold the tassel in half lengthwise, then wrap the piece around the top of tassel yarn several times, just below the **B** knot. Tie a knot to secure **(Photos 4 & 5)**

Step 4: Cut looped ends of tassel. With crochet hook or yarn needle, pull ends of **A** through the center of the tassel and trim just below the wrap. **(Photos 6, 7, 8)** Trim ends evenly.

ASSEMBLING DECORATION

Step 1: Hold two strands of **A** and one strand of **B** together. With crochet hook, crochet a 9" (23 cm) three-ply chain, leaving long tails at the beginning and end. Cut yarn, then tie long tails together to make the hanging loop.

Step 2: Tie pompom **A** tails to hanging loop tails, joining them together. Trim all tails in color **A** to same height of pompom's yarn. Weave **B** tails into center of pompom and trim shorter than pompom height. **(Photo 9)**

Step 3: With **A** held single, crochet a 2½" (6 cm) chain, leaving long tails at the beginning and end. Using yarn needle, weave beginning tail up through chain so there are two tails on one end of the chain. Thread pompom **B**'s tail through chain end opposite the tails. Tie a knot and trim **B** tails to pompom height. **(Photo 10)**

Step 4: Attach pompom **A** to **B** by threading long tails on chain end through center of pompom **A**, securing tails around base of hanging loop with a knot. Trim tails to pompom height. **(Photo 11)**

Step 5: With **A**, crochet a 2½" (6 cm) chain, leaving long tails at the beginning and end. Using yarn needle, thread pompom **C**'s tail through bottom of chain. Tie a knot and trim **C** tails to pompom height. Thread **B** tail through pompom and trim shorter than pompom height. **(Photo 12)**

Step 6: Attach pompom **C** to the bottom of pompom **B** by threading long tails on chain end through center of pompom **B**, securing the tail around the base of first chain with a knot. Trim shorter than pompom height. **(Photo 13)**

Step 7: Thread a 24" (60 cm) length of **A** under top knot of tassel. Bring ends of **A** to meet so that the length is equal on both sides, then tie a knot to secure. Holding two strands of **A** together, crochet a 1½" (4 cm) chain, leaving long tails at the end. Using yarn needle, thread top **B** tassel yarn into tassel body. **(Photo 14)**

Step 8: To attach tassel to pompom **C**, thread long chain tails through pompom. Tie a knot to secure and trim tails shorter than pompom height.
