### FINISHING

Weave in ends.

#### Hair

Decide which part of the hat you want to be the back (select the part that you want to be seen the least). Place markers on Round 1 of brim, inside hat, placing one on each side of 26 (28, 30) sts centered at back of hat.

**Attach Hair:** Attach a fringe to each of the 26 (28, 30) sts, as follows:

Cut four 12" lengths of **C**. Hold the lengths together and fold in half. Insert hook, from inside of hat, into one of the stitches, insert hook into the fold of **C** and draw the fold through forming a loop (only draw the fold through, do not draw the strands all the way through). Insert the ends of the strands into the loop and pull to tighten.

**Tangle Hair:** Separate the plies of the strands. **A** comb or brush may help. Pull the plies apart beginning at the bottom of each strand. Use the hair rattling technique to tangle the yarn.
