**Chandelier measures 9" (23 cm) in diameter.**

## CHANDELIER

**Step 1:** Cut 2 strands with 12 pom-poms, 1 strand with 14 pom-poms, and 1 strand with 16 pom-poms. Trim yarn close to first and last pom-pom. Thread and center each strand on metal ring, placing longest strand between each 12-pom-pom strand. Place 14-pom-pom strand on outer side of either 12-pom-pom strand.

**Step 2:** Place inner ring of first hoop on work surface. Keep strands evenly spaced around metal ring; place metal ring inside hoop and lay out strands evenly.

**Step 3:** Place outer ring of hoop over inner ring.

**Step 4:** Pull strands gently to bring pompoms to edge of hoop, maintaining even spacing of pompoms around hoop.

**Step 5:** Push outer ring onto inner ring and tighten tension screw as needed to secure strands between rings.

**Step 6:** Hang chandelier to proceed with next steps.

**Step 7:** Place 2nd inner hoop inside hanging strands, below 4th pom-pom of each strand. Tape each strand of yarn below pom-pom to hoop to hold in place.

**Step 8:** Place outer ring of hoop around inner ring, keeping strands balanced and evenly spaced.

**Step 9:** Tighten tension screw as needed to secure.
