

Mr. Doodle Snowman

This merry snowman will greet your visitors all through the holiday season! Using thick bulky Doodle™ yarn makes it easy to cover the Styrofoam™ cone base and create this jolly decoration.

Snowman measures 20" high.

Designed by Dondi Richardson.

Instructions

1. With serrated knife, cut cone 5" from bottom for upper body. Make second cut 4" from top for hat. You will not need center section of cone.
2. Glue 6" ball to center of disc base. Center 5" cone section on top of 6" ball; glue in place. Glue 4" ball to top of 6" cone. Set aside the 4" cone section for hat.
3. Brush on a coat of Snow Tex® to the 6" and 4" balls and the disc base. Let dry.
4. Cut lengths of Lime and Hot Pink yarn to fit around the body, as in photo, and glue in place.
5. Fold a chenille stem in half and twist ends together for the arm. Cut a 16" length of Lime and glue one end about 1/2" up from the twisted end. Wrap yarn around stem to completely cover, gluing again at the opposite end. Cut a small length of Hot Pink and glue around end of arm for the glove's trim. Repeat for second arm. Carefully insert twisted chenille ends into the body as in photo.
6. Using black fabric paint, draw eyes and mouth. Glue pom-pom to face for nose.
7. Glue 4" cone piece on top of head for hat. Referring to photo, glue lengths of yarn around cone to cover.
