Pom-pom Storage Basket

Give your clutter a happy home by trimming a basket with pom yarn! Choose from balls of all one color poms or in multi-colors. All you need is a bit of glue and scissors to create this for yourself or a special gift basket.

SHOP KIT

Finished size depends on size of basket

NOTE

When cutting Pomp-a-Doodle, use sharp scissors. For best results, don't cut too close to the pom-pom. Cut the yarn about ¼" [6mm] away from the pom-pom.

We do not recommend the use of a hot glue gun. Pomp-a-Doodle is made of polyester, and the yarn may melt on contact with hot glue or the heated tip of the glue gun. Tacky glue works well – it “grabs” quickly and dries clear.

BASKET

Working in 6-8" [15-20 cm] long sections, apply glue to basket. Wrap yarn around basket, pressing pom-poms into the glue.

As you wrap the yarn, hide the cord under the pom-poms. Add more glue as needed to hold pom-poms in place on top of cord.

Continue wrapping until the desired amount of basket is covered.

Fill any gaps by cutting individual pom-poms from the strand of yarn. Apply a dab of glue, then press the pom-pom into place.
