## INSTRUCTIONS

### Prepare the loom:

**Optional:** Spray paint loom in color of choice.

1. Tie end of bakers twine to peg on outside of loom. Bring working twine to left of closest peg on loom.

2. Tightly stretch across loom and wrap clockwise around peg directly across from first peg.

3. Tightly stretch twine back to opposite side of loom and wrap counter-clockwise around peg to the left of previous peg.

4. Tightly stretch twine back to opposite side of loom and wrap clockwise around peg to the right of previous peg.

5. Repeat Steps 4 and 5 until all pegs have been wrapped.

6. Cut twine. Tie loose ends of twine tightly around first peg and bring ends to back of work.

### WEAVING

1. Thread long length of A through yarn needle. Tie end of yarn around strands of twine at center - PHOTO SHOWS BACK OF WORK.

2. Each peg will have a double strand of twine stretching from peg to center of work. Treating each double strand as one and using yarn needle, weave yarn over and under each double strand of twine around.

3. When one round is complete, weave second round working opposite over/under from previous round; i.e.; If first round began weaving over the first strand, begin second round working under the first strand

4. Continue weaving in rounds pulling yarn tight and pushing woven yarn toward center as necessary.

5. To change color, cut working yarn and move tail to back of work. Bring new color from back to front through next space. Begin weaving with new color as before.
