INSTRUCTIONS

The instructions are written for smallest size. If changes are necessary for larger sizes the instructions will be written thus (.). Numbers for each size are shown in the same color throughout the pattern. When only one number is given in black, it applies to all sizes.

Notes:

- To begin working with the O'Go format, carefully cut plastic tie where the ends of the O'Go meet.
- Pull tie to remove.
- When working the Fair Isle chart for this pattern, colors can be easily separated by gently pulling apart and cutting at the color transition. Each color is ready to use.
- Use separated colors from O'Go (Contrast A, B, C) as indicated in pattern

- When working from chart, carry yarn not in use loosely across WS of work, but never over more than 5 sts. When it must pass over more than 5 sts, weave it over and under color in use on next st or at center point of sts it passes over. The colors are never twisted around one another.
- Sweater is worked in round in one piece on circular needle from the bottom up.
- Sleeves are worked on doublepointed needles, then joined to Body for Yoke.
