INSTRUCTIONS

Notes:

- To begin working with the O'Go format, carefully cut plastic tie where the ends of the O'Go meet.
- Pull tie to remove
- For this pattern, colors can be easily separated by gently pulling apart and cutting at the color transition. Each color is ready to use.
- Use whichever shades you like. This project is completely customizable.

Position 2 (3) wooden stir sticks crosswise. Glue center of sticks together to have 4 (6) points.

Glue first color used to center of stir sticks.

Working from right to left, wrap yarn once entirely around one stir stick and move yarn to next stir stick end. Continue to wrap yarn around each stick, keeping wraps close to previous wrap to cover sticks completely until ready for next color. Cut yarn and glue end to back of work. Add second color and continue to wrap around sticks as before until 1" [2.5 cm] of stick remains unwrapped.

Pompoms (make 4 [6]): With color of choice, wind yarn around 3 fingers 100 times. Remove from fingers. Tie tightly in the middle with 1 strand of any color. Cut loops at both ends and trim to smooth round shape. Glue 1 pompom to each point of wall hanging.
