

CRAFT | SKILL LEVEL: **BEGINNER**

MEASUREMENT

Approx 7½" [8.5 cm] square, excluding pompoms.

INSTRUCTIONS

Note:

Use whichever shades you like. This project is completely customizable.

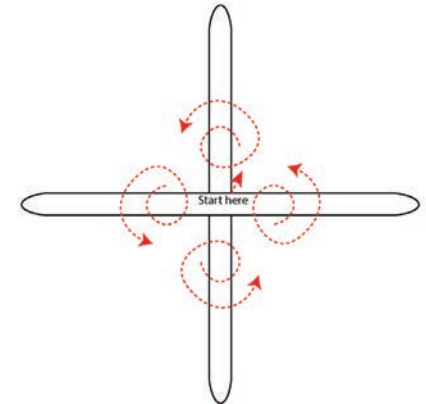

Use 2 wooden sticks for 4 point Diamond. Use 3 wooden sticks for 6 point Diamond.

Position 2 (3) wooden stir sticks crosswise. Glue center of sticks together to have 4 (6) points.

Glue first color used to center of stir sticks.

Working from right to left, wrap yarn once entirely around one stir stick and move yarn to next stir stick end. Continue to wrap yarn around each stick, keeping wraps close to previous wrap to cover sticks completely until ready for next color. Cut yarn and glue end

to back of work. Add second color and continue to wrap around sticks as before until 1" [2.5 cm] of stick remains unwrapped.

Pompoms (make 4 [6]): With color of choice, wind yarn around 3 fingers 100 times. Remove from fingers. Tie tightly in the middle with 1 strand of any color. Cut loops at both ends and trim to smooth round shape.

Glue 1 pompom to each point of wall hanging.
