# Little Loops Lovey

You don't need to know how to knit or  
crochet, just pull the loops through and baby  
will have a new blankie in no time!

## NOTES

Finger looping fun!™

Begin work on a flat surface. Stitches  
are worked by pulling loops of yarn  
through a row of previous loops. Right  
side will be facing throughout. No tools  
required are required.

To join balls of yarn, overlap three loops  
from the end of first ball with three  
loops from the beginning of second ball  
and work overlapping loops as one.

## LOVEY

To create base row, start with a length of  
27 loops.

of base row loops working from back  
to front – knit row formed. Do Not Turn  
Work.

**Row 2:** With yarn in back, and working

## Bind off

Working across, pull the first two loops  
of working yarn through first 2 loops  
of previous row, pull the second loop  
just worked through the first loop, pull  
a third loop of working yarn through  
next stitch, pull that loop through the  
previous loop. Continue in this manner  
across the row until all stitches have  
been secured. Pull end through last loop.

## FINISHING

Weave in ends. (You can tack ends  
down with sewing thread to help  
camouflage them in the back of the  
work).
