

shell rummel®

Featuring Coats Dual Duty XP® All-Purpose Thread, Soft Repose by Shell Rummel for Coats

Use these pretty bins to organize a home office, bath or bedroom. The color and design of the Soft Repose by Shell Rummel creates a calming affect in any room.

Collection:	Soft Repose by Shell Rummel
Technique:	Machine Sewing
Skill Level:	Beginner
Crafting Time:	An evening*
Finished Size:	Small: 4" w x 4" h (10.2cm h x 10.2cm)
	Medium: 6" w x 6" h (15.3cm h x 15.3cm),
	Large: 8" w x 8" h (20cm h x 20cm)

**Crafting time based on Beginner skill level*

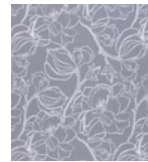

Project designed by Lori

Harder Supplies

- Coats Dual Duty XP® All Purpose thread

Fabric Requirements

DESIGN	ARTICLE CODE	YARDAGE
(A) Soft Magnolias	PWSR002.8GREY	¾ yd. (.69m)
(B) Infinite Beauty	PWSR004.8GREY	¾ yd. (.69m)
(C) Tranquility	PWSR003.8GREY	½ yd. (.46m)
(D) Raindrop	PWSR001.8GREY	½ yd. (.46m)
(E) Pebble	PWSR006.8GREY	½ yd. (.46m)
(F) Touchstone	PWSR005.8GREY	½ yd. (.46m)

(B)

(C)

(D)

(E)

(F)

Additional Requirements

- Medium weight craft interfacing, 22" (56cm) – small ¼ yd (.23m), medium ¾ yd (.69m), large 1¼ yd (1.14m)
- Paper backed fusible web – ¼" yd (.23m), or enough for appliques

Cutting Instructions

From Bin fabric, lining and interfacing cut:

Small – 6¼" x 15½" (16cm x 39.5cm) rectangle -
5" (12.7cm) circle

Medium – 9" x 21½" (23cm x 54.5cm) rectangle -
7" (17.8cm) circle

Large – 11½" x 28¼" (29cm x 72cm) rectangle -
9" (23cm) circle

Assemble Bins

Note: All seam allowances are ½" (1.3cm).

1. Fuse interfacing to wrong side of lining rectangle for planter and wrong side main fabric for bottom circle.
2. Stitch one long side of main fabric rectangle to a long side of lining rectangle right sides together. Trim seam to ¼" (.6cm) and press seam down toward lining. Open out fabric and lining. This is the point where any appliqués will be attached.
3. For appliqués, cut around a flower leaving about ½" (1.3cm) extending from outer edge of flower. This does not have to be neat. Cut a piece of fusible web slightly smaller. Following manufacturer's instructions use press cloth and fuse rough side of fusible web to wrong side of flower. Let cool and peel off paper backing. Cut neatly around flower with smooth curving lines leaving about ⅛" (.3cm) fabric extending from outer edge of flower. Center and fuse onto main fabric rectangle above cut bottom edge. With a straight stitch, follow along the flower ⅛" (.3cm) from the edge.
4. With main fabric and lining opened out, pin right sides of main fabric and lining together matching seam at side. Stitch, forming a tube and trim lining seam only to ¼" (.6cm). Press seam open and fold on top seam line so lining is on outside. Press again.
5. Using a long stitch, baste bottom edges of lining to main fabric wrong sides together ⅜" (1cm) from edge, matching up side seams. Clip to line of basting every 1½" (3.8cm) inches or so.
6. Place main fabric circle right side down. Place lining fabric circle right side. Machine-baste around outside edge ⅜" from edge.
7. Pin main body of planter to circle with right sides together. Clip seam allowance of circle to the basting as necessary to fit to tube. Stitch seam on top of main body lining to get a smooth seam with no pinches in fabric. Trim seam to ¼" (.6cm).
8. Fold down top of planter on outside to make a cuff.
