Special Stitches

ch-3 p (chain-3 picot) = Ch 3, slip st in top of last stitch made.

bsc (beaded single crochet) = Insert hook in indicated stitch or space, yarn over and draw up a loop, slide bead up the thread next to the last part of the stitch made. Yarn over, draw through both loops on hook, catching the bead in the stitch. The bead will sit on the back of the stitch.

beg btr cluster (beginning beaded treble cluster) = Ch 3, [yarn over twice, insert hook in indicated space and draw up a loop, (yarn over and draw through 2 loops) twice] 3 times, bring up a bead behind hook, yarn over, draw through all 4 loops on hook, catching the bead in the stitch.

btr cluster (beaded treble cluster) = [Yarn over twice, insert hook in indicated space and draw up a loop, (yarn over and draw through 2 loops) twice] 4 times, bring up a

bead behind hook, yarn over, draw through all 5 loops on hook, catching the bead in the stitch.

sc2tog (single crochet 2 together) = [Draw up a loop in next st] twice, yarn over and draw through all 3 loops on hook.

Special Technique

String beads: Cut a length of sewing thread and fold it in half, bringing both ends together and forming a loop. Thread the two ends into eye of beading needle. Place end of the crochet thread into loop. Pick up each bead with tip of beading needle, slide bead over sewing thread and onto crochet thread.
