Measurements

Canvas measures 10" x 10" (25 x 25 cm)

CANVAS

If desired, paint canvas front and sides a color of choice (two coats may be necessary). Allow to dry completely.

Tape printed template to top of canvas. **(Photo 1)**

Push tacks through canvas along the template line. **(Photo 2)** Carefully tear paper out from under the tacks and off the canvas (if some tacks come out, push them back into the original holes they made). **(Photo 3)**

Once tacks are in place, take one out, and tie yarn to the tack. Trim end closely and dab with hot glue for added security. **(Photo 4)**

Replace tack into original hole.
