# Cupcake Pompoms

These cupcake-inspired pompoms are just too cute! They would make a great birthday party craft. Or add a quick touch of handmade love on a gift for a friend's birthday celebration.

## Making Pompoms

Pompoms can be made with a purchased pompom maker, or you can cut ring-shapes from cardboard. Cut outer circle ½" (1.3 cm) larger in diameter than desired pompom size, cut inner circle half the diameter. Cutting a slit on one side of the rings makes it easier to wrap the yarn without going through the center hole.

1. Cut two rings from cardboard for the size pompom desired.

2. Place the two rings together with slits aligned. Wind yarn through the center and around the rings to fill the hole. The more yarn you wind, the fuller the pompom will be.

3. With sharp scissors, stick point between the outer edges of cardboard rings and cut yarn; keep scissors between the two cardboard layers as you cut all the way around.

4. Take two 10" (25 cm)-long strands of yarn and slip between rings; tie as tightly as you can. Knot securely. Remove rings. Trim to preferred size and roundness; leave tie-off strands long.
