

✦ CROSS STITCH | SKILL LEVEL: **EASY**

### Featuring Anchor Stitchable Felt™

The seven-holes-to-an-inch perforated felt is great for creative cross-stitch projects. Make this bottle bag to celebrate any occasion with your friends and family!

### MEASUREMENTS

1. On black Stitchable Felt™ Sheet stitch the “CELEBRATE” design following the cross stitch chart on page 3. Locate the design 18 holes from the left, and at the top of the sheet. Do not stitch the two pink rows at the bottom. They will be stitched later, to attach the bottom. **See Bottle Bag chart on page 3.**
2. On the second black Stitchable Felt™ Sheet stitch the “starbursts”. Locate the design 21 holes from the left and two down from the top. Do not stitch the two orange rows at the bottom. They will be stitched later, to attach the bottom. **See Bottle Bag Back chart on page 3.**
3. Overlap the long edges of the bottle bag front and back by four holes. Do this on both sides to form the cylinder shape. Pin in place.
4. Back stitch doing four rows using different colors as desired to attach the bag front to the bag back as pinned. We used pink, medium blue, light green and purple on one side and orange, dark green, dark red and light blue on the other side.

### MATERIALS

#### ANCHOR Stitchable Felt™ Sheets:

2 black  
1 blue

#### Stranded Cotton Embroidery Floss:

J & P Coats 2330 orange	J & P Coats 6225 light green
J & P Coats 4300 purple	J & P Coats 3048 red
J & P Coats 3001 pink	J & P Coats 6185 light blue
J & P Coats 3000 dark red	J & P Coats 7010 medium blue
J & P Coats 6205 green	J & P Coats 7020 Pale blue

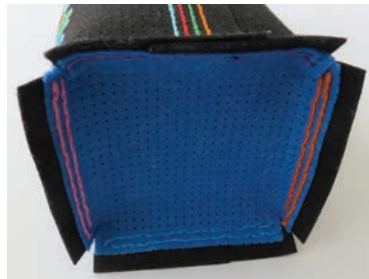

Large-eye tapestry needle, Scissors, Straight pins

- On the bottom of the bag, place a pin in the 14th hole from the end, and in the 22nd hole from the first pin. Then count over the same on the other side. This will divide the wine bag into fourths.

- Cut the blue felt bottom as indicated on the **Handle diagram on page 4**.
- Stitch the bottom onto the bag following the stitching lines on the diagram. Place the blue felt bottom wrong sides together with the wrong side of the black bag.

- Clip into the solid black border on the bottom to create the bag bottom as shown. Be careful not to cut into the stitching.

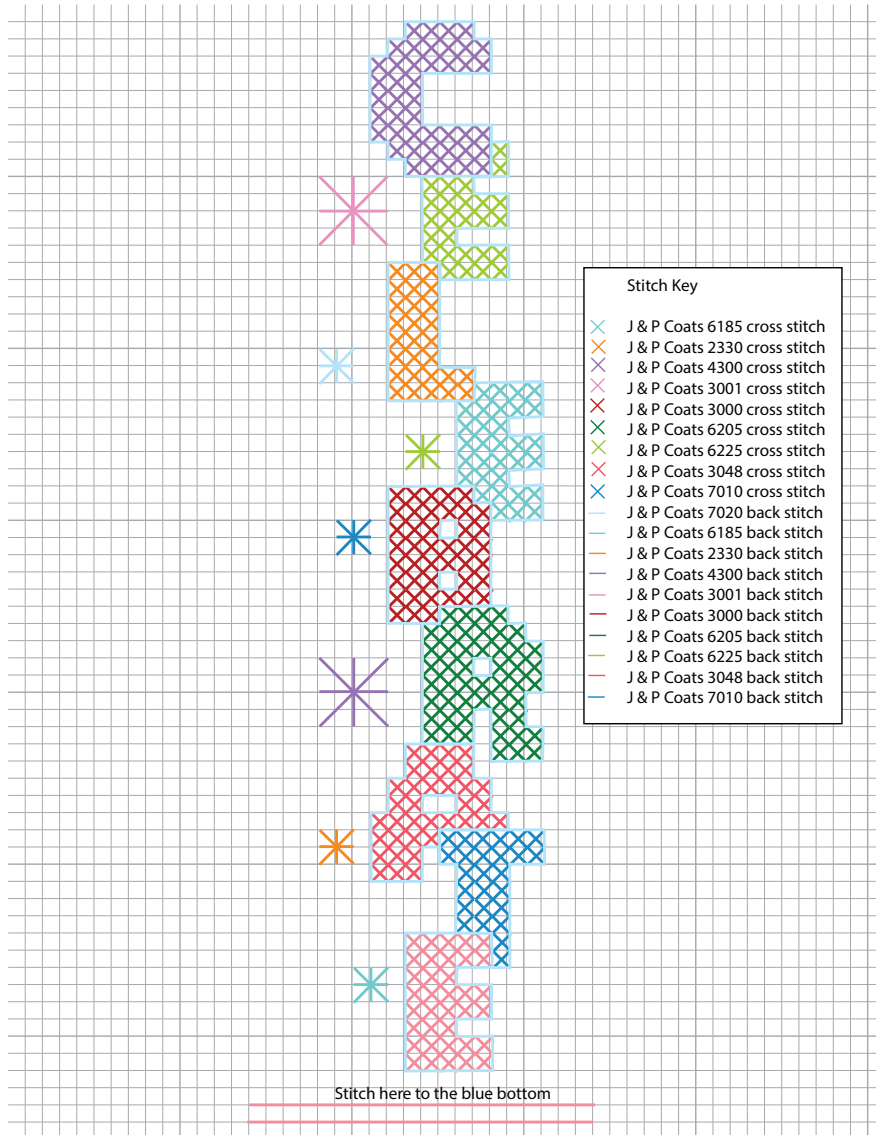

- For the handle, cut out the black felt as indicated on the diagram. Stitch the starbursts as shown on the handle diagram but do **NOT** stitch the light blue outer lines. You will stitch those next, to attach the black layer to the blue layer and then to attach the handle to the bag.

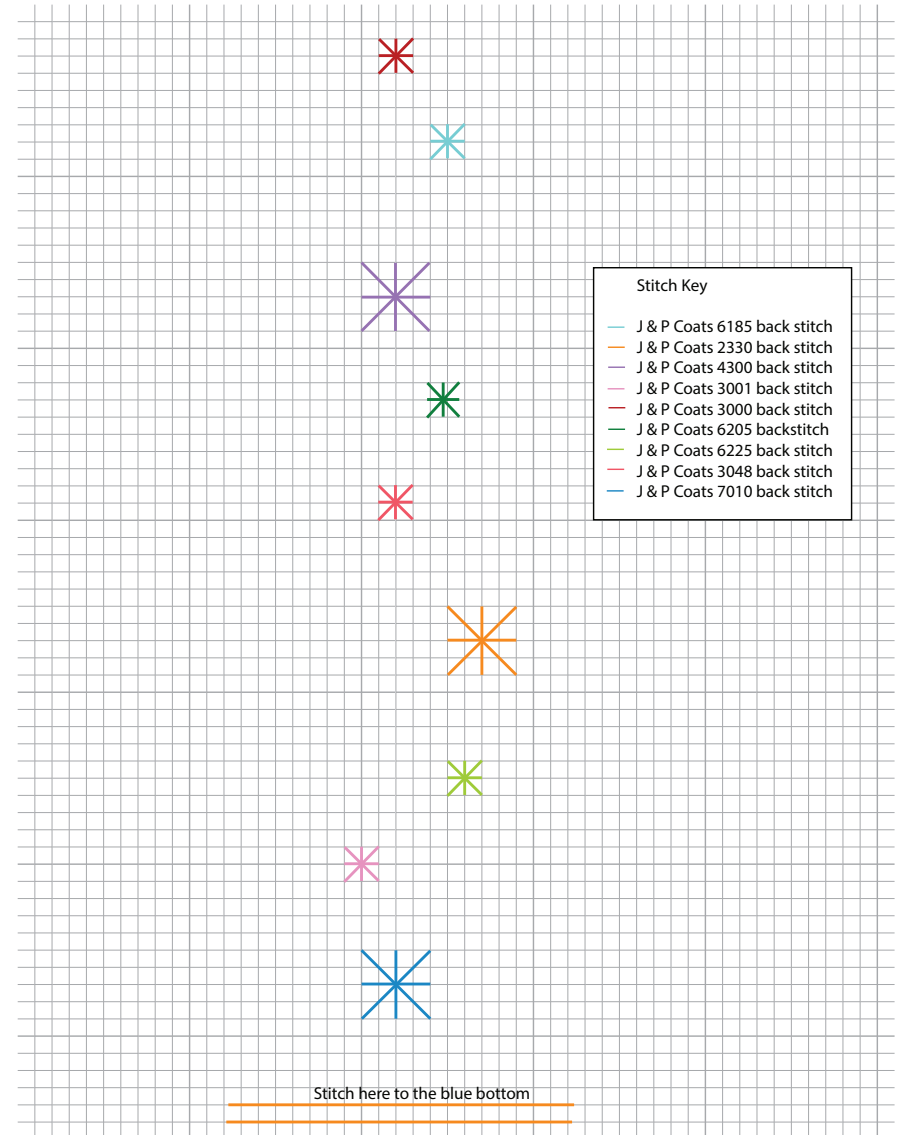

- When the black portion of the handle is stitched, cut out the blue layer. It is one space wider on **EACH** side.
- Stitch the two together as indicated by the two long light blue stitching lines on the diagram.
- Lastly, stitch the handle to the bag as indicated by the two short light blue lines.
