Notes

1. Before beginning, separate the
different color sections of the yarn as
follows: Pop the center color out by
pushing gently on the center of the
ball so that it comes out intact. Find
the point where the color changes
and cut the yarn. Repeat this process
for the remaining yarn colors by
carefully pushing the rings of color
out of the larger ring and cutting.
Wind each color into a separate ball
to prevent tangling. You may find that
one color appears both in the center,
and on the outside of the ball, wind
together or separately. In the pattern
instructions, the peach color is
referred to as **A**, the purple as **B**, the
teal as **C**, and the red as **D**.
2. Mermaid is made from 10-12 pieces:
Body, 4 limbs, head, wig base, tail,
tutu, sundress, and optionally two
side buns.
3. Body, head, tail, tutu, and sundress
are worked in rounds.
4. Limbs (arms and legs) are made from
I-cord. A drinking straw is inserted in
each piece of I-cord for armature.

FINISHING

Referring to photograph as a guide to placement, use yarn tails or yarn scraps to sew the following pieces together.

1. Sew head to body, taking care to position face frontwards.
2. Sew arms to upper sides of body at Rounds 3 and 4.
3. Sew legs to lower portion of body.

Bangs: Before sewing wig base to head, embroider bangs as follows: With yarn same color as wig base, begin embroidering bangs about 2 rows above the eyes and make long stitches that will be partially hidden under the wig base. Vary the length of the bang stitches for a tousled look.

Place wig base on head, overlapping bangs by a fraction of an inch. Pin in place, for best results, and sew base to head. Weave and trim ends.

Smile: With embroidery needle and 2 strands of black embroidery floss, embroider a smile at Round 13 of head, in the middle of the face, about 3 stitches wide.

Cheeks: Cut small circles from pink felt. Referring to photo for placement, glue cheeks to face directly under and to the sides of the eyes.

Hair Version 1 (side buns)

Row 2: [K3, kfb] 6 times—30 sts.

Row 3: [K4, kfb] 6 times—36 sts.

Bind off, leaving a long tail. Roll the piece in spiral (jelly roll) fashion. With one yarn tail, sew layers to one another

to retain the shape. With the other yarn tail, sew bun to side of head, about level with the eyes. Repeat to make and attach second bun.

Hair Version 2 (long hair)

Cut about 40 strands of **D**, about 9" [23 cm] long. Attach strands to wig base as follows: *Insert crochet hook through any stitch of outermost round of wig base. Fold a strand in half and place the fold on hook. Draw fold halfway through stitch, forming a loop. Using the hook, catch the two yarn ends and draw them through the loop. Pull the two yarn ends to tighten. Repeat from * until strands have been attached around the entire outermost round of wig base.

Cut a length of **B**, pull the front and front side strands to back of head and tie into a ponytail with the length of **B**. Place a dab of glue on the bow knot to keep it from coming untied. Leave remaining hair hanging down doll's back. Fold top pony tail forward to access the wig base, with **D** insert a row of strands, left to right, across the back of the head, midway between crown and neck, in order to fill out hair.

Adjust number and location of hair strands as desired.

Excluding the upper ponytail, pull strands even along back and torso of the doll. Trim ends even using sharp craft scissors

Weave in and trim any remaining ends. Dress mermaid in outfit of your choice.
