# Coastline Lampshade Cover

Add a bit of texture to a plain lampshade with this fringed cover. We've used a neutral color cotton yarn, but depending on needs of your room, it is perfect for adding a pop of color.

**Lampshade Cover measures about 8" [20.5 cm] high, 9" [23 cm] diameter and 28" [71 cm] circumference.**

## Notes

1. Lampshade cover is worked from the top downwards. There will be approximately a ½" [1.5 cm] edge overlapping the top of the shade.
2. Fringe is attached to bottom of shade.
3. Lampshade cover is worked in continuous rounds.

## LAMP SHADE COVER

Ch 88; being careful not to twist ch, join with slip st in first ch to form a circle.

**Round 1 (right side):** Sc in next ch and each ch around, working last ch in same ch as joining slip st; do not join. Work in continuous rounds (spiral).

Place a marker in the last stitch of the round and move the marker up as each round is completed.

**Round 2 (increase round):** [Sc in next 7 sts, 2 sc in next st] 11 times—99 sc.

**Round 3 (turning edge):** Working in back loops only, sc in each st around.

**Rounds 4-10:** Sc in each st around.

Piece should measure about 2" [5 cm] from Round 3 (turning edge). Slip st in next st and move end of round marker to the slip st just made to establish a new end of round. Continue to move marker up as each round is completed.

**Round 11 (treble round):** Ch 4 (counts as tr), working in back loops only, tr in next st and each st around; join with slip st in top of beginning ch-4.

**Round 12:** Working in back loops only, sc in each st around.

**Rounds 13-19:** Sc in each st around. Piece should measure about 2" [5 cm] from Round 11 (treble round). Slip st in next st and move end of round marker to the slip st just made. Continue to move marker up as each round is completed.

**Rounds 13-19:** Sc in each st around.

**Rounds 20 and 21:** Repeat Rounds 11 and 12.

**Round 22:** Sc in each st around.

Repeat Round 22 until piece measures about 8" [20.5 cm] from Round 3 (turning edge).

Fasten off.

## FINISHING

Weave in ends. Slip lampshade cover over top of barrel-shaped lampshade.

Cut 6" [15 cm] pieces of yarn for fringe.

\*Hold 2 strands of yarn together and fold them in half, insert hook in a stitch along bottom edge of lampshade cover, draw fold through edge to form a loop, thread ends of strands into the loop and pull to tighten (one fringe attached); repeat from \* to attach a fringe in every stitch around bottom edge.

How to Adapt this Pattern to another Size Barrel-Shaped Lampshade

1. Measure the circumference (outside edge) of barrel-shaped lampshade and multiply this number by 3.5. If necessary, round up to the nearest whole number.

**WOMEN'S CHOICE AWARD™**  
AMERICA'S MOST RECOMMENDED  
YARN BRAND

2. Subtract 10 for the number of chains to start.
3. Work 1 round of sc, then increase 10 sc evenly around.
4. Continue to work as for pattern, working the 2 rows of treble crochet about  $\frac{1}{3}$  and  $\frac{2}{3}$  down from the top of the turning ridge.
5. Different size lampshade covers may require a different number of balls of yarn.

#### ABBREVIATIONS

**ch** = chain; **sc** = single crochet; **st(s)** = stitch(es); **tr** = treble crochet; **[ ]** = work directions in brackets the number of times specified; \* = repeat whatever follows the \* as indicated.
