# BOO Halloween Wreath

Greet your fall visitors with a marvelous Halloween wreath! Be creative by adding a scary message and finish off with a bow. Using Pomp-a-Doodle yarn means you don't have to make each and every pom-pom. Yea!

## WREATH Letters

Paint letters with orange paint and allow to dry. It may take more than one coat to cover.

### Step 1 paint letters

### Pomp-a-Doodle Chain (Make 2)

- With **A** and **B** held together make a slip knot. Using photos as a guide, make one chain stitch between each pom-pom continuing for entire ball until you reach the next-to-last set of pom-poms. Knot the remaining rope area securely and trim excess.

## Wrap Wreath

- Using the greening pins to secure, begin wrapping the first completed pompom chain around the wreath. Secure the end of first chain and beginning of second chain with a greening pin. Continue to wrap wreath until covered securing at the end.

### Step 5 Securing

- Secure the end with a greening pin.

## Notes

1. Use the greening pins as needed to secure pompom chain to wreath as you wrap.
2. The pompom chains should fit snug around the wreath taking care to cover completely. If you chose not to pull tight, it may require an additional ball of each color.

## Letters

Using low-temp hot glue gun or craft glue, place letters in desired location and allow to dry completely.

## FINISHING

Tie the hanging ribbon in a knot around the wreath. Secure the knotted end to the back side of wreath with a greening pin. If desired, place a seasonal bow as shown in photo.
