To the Point Fringe Wall Hanging

Our step-by-step photos will guide you in this easy crafty project. No one but you will know how easy it was to craft this wall hanging!

Wall hanging measures 16" wide x 20" long at center point (40.5 x 51 cm).

WALL HANGING

Step 1: Gather all materials on a large, flat surface.

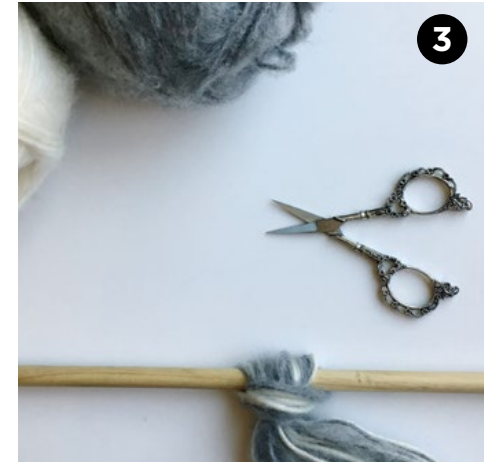

Step 2: With A and B held together, cut 20 strands each measuring 48" (122 cm).

Step 3: Holding all 20 strands together, fold in half evenly and knot around dowel—1 knotted strand.

To make knot: Hold fold below dowel and pull ends through fold from around top of dowel.

Step 4: Repeat Steps 2 and 3 four times—5 knotted strands.

Step 6: Repeat Step 5 on right end of dowel.

Step 7: Trim ends evenly on left and right sides of center knotted strand to make a "V" shape.

Step 8: Cut a 60" (152.5cm) strand of **A** for hanging cord. *Make a loose knot 20" (51 cm) from 1 end of strand, slide it on on 1 end of dowel and tighten. Repeat from * on other end of dowel. Trim both ends of the hanging cord to match the angle of the trimmed strands.

Step 9: Hang and enjoy your finished wall hanging!
